Initiating Change, Creating
Balance & Impacting Lives:

Education
Resources
Support
Outreach
Community

About

Our mission is to provide members with a forum for camaraderie, cooperation, professional development and community outreach, as well as effective representation for the Florida Chiropractic Association. The DCCS serves as a channel of communication both to increase awareness and facilitate calls to action on behalf of our members and the FCA's efforts to address and solve issues affecting our profession. Offering collaborative support and information to our members, the DCCS aides in the dissemination of relevant articles, and shares resources ensuring professional growth.

Membership Benefits

- 2 complimentary Entrances to all meetings during the year
- Educational lectures offered by monthly guest speakers on topics of concern such as practice management, marketing, state laws and rules, treatment technique and much more.
- Updates and access to resources regarding important issues that affect your practice
- Great environment for building relationships with other chiropractors and professionals
- Your office contact information on our website
- 2 complimentary classified ads on our website
- Discounted prices on all DCCS seminars
- Recognition and participation in PR, Social Media and outreach efforts
